Custom Printed Stock Boxes VS generic Stock Boxes

Most stock boxes get reused and recirculate throughout the business world. **A printed stock box can recirculate as much as 6 times before it gets recycled.** Printing them with your company name and logo or web site address will **INCREASE YOUR EXPOSURE** since many different people and businesses will see them.

Have a custom printed stock box work for you!

We love making custom printed stock boxes.

Instabox.com keeps many different styles and sizes of boxes in stock all year round.

45+ Years of Custom Box Manufacturing

Instabox was developed based off of a concept from a family with a long history in the Packaging Business over in England by the Mace Family. Their ideas, experiences, and new concepts were brought to Canada in the mid 70's and **Instabox** was started. Today, **Instabox.com** is still managed by the same family and what started out as a small three member family business now has **over 70 employees**.

Service is what we are all about. Versatility and flexibility is the name of the game and customers can order just a few cardboard boxes or thousands at a time. **No order is too big or too small!**

Instabox.com can turn orders around in a matter of hours if that service is required. All orders are manufactured right in their own factories, which helps keep overhead cost and labor expenses down, meaning

more savings for customers! We pride ourselves on the fact that only the best employees' work with us and that most have been with our company for more than two decades. Some have even been here since the first day **Instabox.com** was started!

Instabox.com is not just cardboard boxes. We manufacture folding cartons, paper boxes, die cut boxes, one color box, two color boxes, and full four color process, litho lament boxes. Display boxes as well as heavy duty shipping boxes can also be customized and ordered for all of your business, shipping, or storage needs. With **Instabox.com** the process works to help cut costs so that the savings can be passed on to the customer.

Contact us today to see how **Instabox.com** can transform your business and make it easier than ever to order cardboard boxes:
